

NEW YORK STORM SWEEP

GREAT STORM SWEEPS  
OVER NEW YORK.

Wires Are Down, Trains are Delayed  
and Hundreds of Homes  
Threatened by Floods.

NEW YORK, October 9.—After twenty-four hours of pouring rain New York City and adjacent country suffered early today from severe floods, 6-10 inches of rain having fallen in the twenty-four hours ending at 9 a. m. today, and it was still raining hard. This was believed to be a record rainfall. Railroads were either crippled or delayed and in New York City a conduit containing seventy telegraph wires was damaged beyond working powers. From all parts of the city reports were received of flooded cellars and gutters. Many streets along the North river front were flooded and in some instances there was a loss of goods stored there. West street, in front of the downtown office district, City and Hoboken, was completely tied up by a rush of water over the tracks between Stapleton and St. George. The water was two feet deep in South Water street at the New York side of the Fulton street Brooklyn ferry. Passengers arriving on the ferry-boats waded through the water up to their knees until the dealers in the Fulton Market used large boxes to build a bridge across the street. The bridge blocked the street for truck traffic, but a section of the bridge had to be removed very often to relieve the rising waters. Every building on Pine street was closed on account of the water. Pedestrians waded through a foot of water. The sidewalk of the United States Treasury building was undermined. Part of a dam across the Ramapo river at the lower end of Pompton Lake, N. J., was washed out during the heavy rainstorm today, inundating the valley below. A number of houses were flooded but there was no fatality. The most serious damage was the carrying away of an iron bridge across the river. Two canal boats loaded with coal were torn from their moorings and swept away. FLED FROM HOMES. NEW YORK, October 9.—Many occupants of cottages along the banks of the Ramapo river fled from their homes. The crews of two canal boats are said to have escaped. Besides the iron bridge, a wooden bridge across the lake from Oakland to the village

RAILROAD PRESIDENT.

CHARLES S. MELLEN.

NEW YORK, October 9.—Charles S. Mellen, as president of the Northern Pacific Company, has resigned to become the head of the New York and New Haven Railroad. He accepts the position on account of the resignation of John Hall. Mr. Mellen is one of the best known railroad presidents of this country with practical experience.

TO HAVE THROUGH YOUNG MAN DIES  
RATES. OF WOUNDS.

NEW AGREEMENT MADE OF IMPORTANCE TO FRUIT GROWERS.

SAN JOSE, Cal., October 9.—The Southern Pacific announces that an agreement has been reached whereby through rates on California products will be put into the southeastern territory, that is, the territory south of the Ohio river and east of the Mississippi river, very soon. The withdrawal of the old rates caused by the action of the southeastern lines in declining to accept their old proposition of the rates from California has worked a hardship to shippers here and to consumers in that territory. It is thought that the agreement will involve rates very little higher than the rates applying to other territories.

DENIES TRADE IS  
FALLING OFF. CASTLE WAS TRUE  
TO HIS TRUST.

LONDON, Oct. 9.—Addressing the semi-annual meeting today of the shareholders of the Grand Trunk Railway of Canada, the president, Sir Charles Wileton, took exception to Joseph Chamberlain's quotation on "American" duties at Greenock Wednesday to the effect that American trade was falling off. Sir Charles said he saw no appreciable slackening of the flow of business. The impression which he brought home after his recent visit to Canada and the United States was that the industries of both countries were progressing and that under ordinary circumstances there seemed to be no reason why their continued development should not be maintained. "In spite of the ill-directed efforts of the combinations, which had introduced such disturbing influences in the natural course of business," that although the revenue of the Grand Trunk Railway had largely increased, a corresponding increase in the expenditure precluded a profuse distribution of dividends. This, however, would arrive when the Grand Trunk would receive everlasting advantages from it.

MISS ETHEL BATES  
IS ENGAGED.

The engagement is announced of Miss Ethel Bates, youngest daughter of Mr. and Mrs. Charles D. Bates of Euclid avenue, Vernon Heights, to Mr. Hubert M. Lee of Spokane, Washington. The wedding is to take place early in November.

CABINET MINISTERS.

LONDON, October 9.—The new cabinet ministers have assumed their duties, the seals of office having been exchanged at a private council meeting held by King Edward at Buckingham palace this morning. All the retiring officials and their successors were present, with the exception of the Duke of Devonshire, the late Lord President of the Council and Mr. Arthur Balfour, the new war secretary. The latter was indisposed and the former was subsequently received in private audience by the King.

FIENDS PLACE MASON'S INVESTIGATED  
POISON IN  
WATER. LLOYD CASE.

Scores of Soldiers and  
Miners Are Made  
Deathly Sick.

Officers Trying Hard to  
Locate Men Who Com-  
mitted Outrage.

CRIPPLE CREEK, Colo., Oct. 9.—It is alleged that an attempt was made day before yesterday to poison the garrison at Camp El Paso. It was so successful that every man in the command, with the exception of three who were absent, was laid on his back with cramps and diarrhoea. Altogether sixty-eight men were down, but all of them have recovered. It is believed poison was placed in the water tank of the mine from which water is taken for domestic purposes.

Many of the miners were also affected. An analysis of the water is being made. The camp is in command of Major Armitage and is garrisoned by Company D of Denver and Company E of Pueblo. The officers kept quiet about the affair until today, hoping to discover the perpetrators of the act. In the District Court today information was filed against Brigadier-General Chase, Adjutant-General Sherman Bell and Judge Advocate Major Thomas E. McClelland in behalf of P. H. Mulvaney, W. F. Davis, Thomas Foster, Emil Johnson and A. A. Frey, striking miners, charging unlawful arrest and detention in the military guardhouse.

DISMISSALS IN  
THE POSTOFFICE.

WASHINGTON, Oct. 9.—At the cabinet meeting today, all the members except Secretaries Root and Hitchcock, were present. The principal topic of discussion was the postoffice investigation, which was considered at length, and especially with reference to the trials of the cases now pending before the courts. At the conclusion of the meeting, Postmaster General Payne said that it was not the expectation that there would be a wholesale dismissal of clerks and division chiefs of the Postoffice Department as a result of the investigation. Some further dismissals might be made, he said, on the recommendation of Mr. Bristol, but thus far it had been the practice to dismiss offenders as soon as the evidence of their corruption or incompetency had been obtained.

Capitalist Cried Like a Child When  
Accused and Said It Was More  
Than He Could Bear.

The C. R. Lloyd contested will case was resumed in Department 5 of the Superior Court this morning before Judge Hall and a jury. The reading of the cross-examination of J. R. Frith was continued by Attorney Goodfellow. Frith said that Margaret Boxall had told him that she and Lloyd had occupied the same room in the Van Nuys Hotel in Los Angeles. He made no inquiry as to whether or not the hotel people had put an uncle and niece in the same room, but had conversed with Lloyd on the subject and the latter admitted that the story was true in every respect save the charge of improper conduct. There was a screen in the room.

GIVEN A SURPRISE. Frith said that Nesta had told him about Lloyd breaking the lock of her bedroom door in San Bernardino and was asked whether he had examined the lock in question and he replied that he had not. Goodfellow said that he had examined the lock and had discovered that it had not been broken and that it was in good condition. Frith admitted that he would be surprised, if on examining the lock he should find that it was the original lock and that it was not injured.

MASTER OF LODGE. On re-direct examination, Frith stated that at the time he was master of San Bernardino Lodge, No. 248, A. F. & A. M., C. L. Lloyd and Fred Lloyd were members of the lodge. Boxall was a Mas. n. Johnson was a junior warden of the lodge. Lloyd, senior, was a chapter. We were all Masons and thought that it would be best to settle the matter quietly. I had no feeling for or against any one of them. FRED HAD NERVE.

The deposition of J. C. Eickman showed that Lloyd senior had said that his son Fred would make a man out of himself, because on one occasion, when Lloyd's electric works were about to be blown up by an explosion, Fred had prevented the catastrophe by shutting off a valve at the risk of his life.

CODICIL TO WILL. The deposition of E. R. Annable, an attorney of San Bernardino, showed that Lloyd had left Fred \$10,000 in the codicil which he made after he had been shot. On cross-examination Annable showed that Lloyd had cut off Fred entirely because he charged Fred with causing him his latest trouble, and because, also, dependent advised Lloyd that unless he cut

off Fred his (Lloyd's) life would be in jeopardy. WILLS INTRODUCED. Wills of the deceased were then introduced. The first bore date of September 29, 1898. In this Fred was remembered to the same extent as were the other three children. Other wills were dated February 23, 1903; November 25, 1900; and January 16, 1902. In all of these there was no disclaiming against his son Fred. A codicil bearing date of January 31, 1903, was read. It reduced Fred's share to the interest to be derived from \$10,000 bonds for ten years. Nesta Boxall was given \$1000, Margaret Boxall \$500. The land thereof was given to the Boxall family at San Bernardino was ordered reverted back to decedent's estate. A second codicil, bearing date of March 27, 1903, cut off the son Fred with only \$25. By this codicil John A. Britton of Oakland was appointed an executor of the will.

YESTERDAY AFTERNOON. The most sensational feature of yesterday's trial was the disclosure by J. R. Frith of San Bernardino as to how the alleged improper conduct of Lloyd with respect to the Boxall girls was charged up against Lloyd.

MASON APPEALED TO. Frith was appealed to as a Master Mason by Fred Lloyd, who is also a member of the Masonic fraternity and who accused his father of un-Masonic conduct with respect to the sisters of a brother Mason, Boxall, which is an offense punishable by expulsion from the order. Frith, with another fellow craftsman, named Johnson, investigated.

MAN CLINGING TO TILLMAN ON THE  
WRECKAGE.

SCOW OVERTURNED BY STORM  
AND TOSSED ABOUT BY  
WAVES.

ALAMEDA, October 9.—Early this morning in the terrific wind and rainstorm which prevailed on the bay a scow schooner, whose identity has not yet been learned, capsized at a point half way between Hunters Point and this city. The schooner was first discovered floating in this condition by Expressman John Smith of this city who observed it from the south by shore of Alameda. At this time the scow was so far away that little could be made out but upon procuring a glass Smith was able to make out what appeared to be a man clinging to the wreckage. His discovery was reported to the city officials who in turn notified the marine exchange of San Francisco. The scow is supposed to have been making her way up the bay from San Jose.

NARROW ESCAPE.

A laborer named Hanson came near having his head crushed yesterday while at work on the Piedmont quarry. A blast had been set off and the men were preparing to continue work when a large section of the rock, which had been loosened by the explosion, came down, grazing the side of Hanson's head and cutting a long gash. He was taken to the Receiving Hospital, where Steward Berchard closed the wound with wound sutures. Had the rock struck his head on the top instead of grazing the side, death would have probably resulted.

VITRIOL IN POCKET.

CHICAGO, Oct. 9.—In the pockets of the robber who was killed last night near Aurora, after having taken part in the haul-up of an interurban car on the River View Park line, were found a bottle containing white vitriol and a revolver. The bottle had been used in the recent barn murder. Investigation by the Chicago police has revealed the fact that the vitriol was purchased in a Chicago drug store.

## CARMEN TO GIVE GRAND BALL.

PREPARATIONS FOR AFFAIR AT NEW FERRY BUILDING ARE COMPLETED.

A grand ball will be given at the new ferry depot and pier of the San Francisco, Oakland and San Jose Railroad tomorrow evening by the Carmen's Social and Benevolent Society of Oakland. The society expects to make the ball a grand success and has made elaborate preparations to give the large crowds a most enjoyable and merry time. In this, the society is aided by the officials of the Oakland Transit Company which is affiliated with the new ferry system. General Manager W. F. Kelley and Assistant General Manager John D. Brown of the Oakland Transit Company have kindly given to their employees, the use of the new ferry building and electric train which will carry all persons who procure tickets for the ball, from Fortieth street and San Pablo avenue to and from the new ferry depot without extra charge, and also the use of one of the new ferry boats which will carry holders of tickets to and from San Francisco without extra charge. In the evening, electric trains will leave the corner of Fortieth street and San Pablo avenue every thirty minutes, commencing at 7:30 o'clock. The new ferry boat will leave San Francisco, south slip, foot of Market street, at 7:45 o'clock p. m. Return trip, the boat will leave the pier for San Francisco at 12 o'clock midnight.

The new ferry building will be brilliantly illuminated by electric lights and handsomely decorated for the occasion. No liquor will be allowed on the premises. Good refreshments will be on hand and this will be dispensed free to the merry dancers. Music will be by the Fifth regiment band.

Tickets can be procured from all taverns in Oakland or San Francisco and also at Fortieth street and San Pablo avenue and at the foot of Market street, San Francisco. This will give the citizens of Oakland and San Francisco a most excellent opportunity to inspect the new ferry system and electric train service about to be put in operation between the two cities and at the same time help to swell the benefit fund of the Carmen's Social and Benevolent Society which now numbers nearly 250 members of the women of Oakland.

The society's main object is to aid and give assistance to the sick and feeble members, to relieve the distress of widows and orphans, and to improve the moral, intellectual and social conditions of its members. The Carmen's Social and Benevolent Society was organized February 21,

## SSS FOR THE BLOOD

The best known and most popular blood purifier and tonic on the market to-day is S. S. S. There is hardly a man, woman or child in America who has not heard of "S. S. S. for the blood." It is a standard remedy, a specific for all blood troubles and unequalled as a general tonic and appetizer. S. S. S. is guaranteed purely vegetable, the herbs and roots of which it is composed are selected for their alterative and tonic properties, making it the ideal remedy for all blood and skin diseases, as it not only purifies, enriches and invigorates the blood, but at the same time tones up the tired nerves and gives strength and vigor to the entire system.

For Chronic Sores and Ulcers, Catarrh, Rheumatism, Blood Poison, Malaria, Anemia, Scrofula, Eczema, Psoriasis, Salt Rheum, Tetters, Acne and such other diseases as are due to a polluted or impoverished condition of the blood, nothing acts so promptly and effectually as S. S. S. It counteracts and eradicates the germs and poisons; cleanses the system of all unhealthy accumulations and soon restores the patient to health. Write us and our physicians will give your case prompt attention without charge.

**NEWSBOYS' BENEFIT.**  
 At 7:30 tonight in Peck's Vaudeville Theatre, corner of Fifteenth street and San Pablo avenue, will be given a benefit performance for the Newsboys' Union.

A thousand tickets at 10 cents each have been sold, so a liberal sum will be realized by the boys. The proceeds will go towards fitting up new and permanent quarters of their own. The performers have promised to do their best this evening for the "newsies" as the show will, no doubt, be an exceptionally good one.

**WATER FRONT CONFERENCE.**  
 Next Friday night will be held another meeting of the delegates from the longshoremen, stevedores, tallymen, Building Trades Council and Federated Trades Council in regard to the forming of a district council for the water front. The Longshoremen's Union is the only one not entirely ready to go in on the proposition. They seem to believe they will get a little the worst of the "deal" and are a trifle backward about their acquiescence to the plan.

**LINEMEN'S ENTERTAINMENT.**  
 Tomorrow evening at 8:15 in Germania Hall on Webster street, the linemen will give an entertainment. The curtain will rise promptly at 8:15 o'clock when six well known vaudeville artists will give performances. The program will be over by 9:30 o'clock when dancing will commence and last until midnight.

**PAINTERS.**  
 J. Donovan and A. H. Hetherington were chosen by the Painters' Union as delegates to the Building Trades Council last night to succeed W. Dart and P. Hughes, who resigned on account of leaving the union. Four candidates were initiated into the union and four applications filed.

**RYAN CHOSEN VICE-PRESIDENT.**  
 Six cities, Oakland, San Jose, Los Angeles, San Francisco, Stockton and Sacramento, are represented in the State convention of Journeymen Horseshoers' Unions that is in session at Pythian Hall, San Francisco.

R. F. Ryan, president of the Oakland Union, has been honored with the election to office of vice-president of the State organization.

The convention holds as its aim to organize every city in the State and to secure the general use of the label of the International Journeymen Horseshoers' Union.

Permanent State officers have been elected as follows: President, J. A. Halk of San Francisco; vice-president, R. F. Ryan of Oakland; secretary and treasurer, D. D. Hanks of San Jose; sergeant-at-arms, Timothy Sullivan of San Francisco.

Last evening the members of Local Union, No. 25, of San Francisco, were hosts at a smoker and high jinks given in honor of the delegates.

SUE'S TRANSIT CO.  
FOR DAMAGES.

Suit was brought by Thomas Holladay yesterday against the Oakland Transit Consolidated for \$10,000 damages for injuries received by being struck by a street car in December, 1902.

His complaint Holladay alleges that while he was crossing Broadway at Third street, he was struck by one of the company's cars and injured to such an extent that he was confined to his bed for two months.

The plaintiff claims that the company is wholly to blame, as the car was traveling at a higher rate of speed than is allowed by law.

AN  
Oaklander's  
Surprise

---and he was not lacking in sagacity, either.

A well known Oakland business man, who has tried nearly every health-building device imaginable, saw an advertisement in the Oakland papers last week that tickled his curiosity. It was about "Maltol," a nerve and tissue food that has steadily established its claim to "give health."

Mr. Oaklander, "just for a joke" although he was in no joking humor, went to Osgood's and bought a bottle. That was just a week ago. Yesterday he came back for a second bottle, and this is what he said:

"That 'Maltol' is a wonder—why didn't you boom it years ago, and prevent all my suffering. Never slept well in years, never enjoyed my food so well, never felt so well—and it's just as good for my wife."

This man's question is easily answered. "Maltol" was not put on the market until such time as we could absolutely guarantee that it would do all we claimed for it.

Price, \$1.25 a bottle but our out-price is \$1.00.

## TITLE VESTED IN ADAMS.

SUPREME COURT HANDS DOWN DECISION AFFECTING LARGE ACREAGE.

A decision has just been handed down by the Supreme Court settling the suit over 6000 acres of "sobrete" lands that has been contested in the court for the last twenty years by Edson F. Adams and after him his estate, against Emily P. Hopkins, Bernardo Fernandez, Sarah A. Wilson and others, who "squatted" on the land forty years ago, in favor of Adams' claim.

## EVIDENCE IN THE ROSS CASE.

WALKIREZ DID NOT SHIELD HIS COMPANION IN CRIME.

There was a much larger audience to listen to the preliminary examination in the Annie Ross murder case held before Judge Samuels this morning than was present when the testimony was begun on Wednesday.

Walkirez, in his continued testimony, reiterated his explanation of the reasons for his telling directly different stories, now and when he was first brought before the authorities. He maintains he confessed guilt because of his fear of Annie Ross, her influence over him and because of his absolute ignorance of the law and its possible courses, as well as because he was certain that if he were arrested he would be punished for the woman's murder, and he wished to prevent, if he could, such a fate as was his over-taking the Ross woman.

J. E. Bishop, Sheriff of Alameda county, and Officer Bert S. Cuffis, identified the photographs in letters introduced as evidence as that of the defendant. The introduction of these letters claimed to have been sent by Annie Ross to Walkirez while they both were in prison, was objected to by the defendant's counsel. Their contents strongly implicate the accused woman in the crime, for in them she implores Walkirez to say nothing when being examined that could possibly implicate her. In them she begs and offers inducements that he shield her.

Dr. Crane and Dr. O. D. Hamlin were both called to testify as autopsy physicians. They both said the victim's death was not due to blow and certainly not a blow from the hammer offered as peoples' exhibit "A." They said everything evinced death by strangulation due to the rope which was wound around the victim's neck four times. This being so another falsity in Mrs. Ross' story is found, she having declared Walkirez killed Mrs. Leroy with the hammer.

Chief Hodgkins was then called to repeat the substance of a conversation which occurred between Walkirez and Mrs. Ross immediately after the negro's preliminary examination. In this conversation Walkirez accused Mrs. Ross of falsifying when on the witness stand and put all the blame of his degraded life upon her. She in turn begged him to shield her from possible implication in the murder of Mrs. Leroy. Recess.

## CHURCH FESTIVAL.

The First Presbyterian Church, Oakland, will have a "Harvest Home Festival" next Sunday to celebrate with thanksgiving and praise the harvest time.

The occasion is an annual event with this church and will be observed with appropriate sermons and music. In their rejoicing the members will not forget those who are not rejoicing over a munificent harvest, and these will be remembered with offerings of provisions and fruits of many kinds.

The donations of flour, potatoes, provisions of all kinds that have been sent to the church by members of the congregation will be used in decorating the platform and will later be distributed by the Deacons' Society of the church, of which Mrs. John W. Mackenzie is the president.

The pastor, Rev. Ernest E. Baker, D. D., will preach in the evening, "The Joy of the Harvest," and in the evening will speak on a topic appropriate to the occasion. The church choir of forty voices, under direction of Clement Rowlands, has prepared a special program for both morning and evening. The program will be as follows:

Morning program—Organ prelude, "Alleluia" (Chaffin); chorus, "The Drum in E Flat" (Mossenthal); duet for soprano and alto, "O Love, from Judas Macabaeus" (Handel); baritone solo and chorus, "Ye Shall Dwell in the Land That I Gave to Your Fathers" (Stainer); organ postlude, "Prelude in G" (Pachel).

Evening program—Organ prelude, "Andante" (Cavalli); chorus, "Mighty Are the Lord's Great Wonders" (Dr. Hiller); tenor solo, "In Native Land" (Cavalli); chorus, "Come Ye Thankful People, Come" (Buck); chorus (ladies' voices), "He in Thine That Sower" (Dr. Hiller); soprano solo, "A Song of Praise" (Hiller); chorus, "Hallelujah" (from "Mount of Olives" (Beethoven); organ postlude, "Harvest Thanksgiving" (Carpin).

## WANTS COUNTY TO SHOW TITLE.

Following up the demand made upon the Board of Supervisors some time ago by Mrs. Teresa Casserly, widow of Eugene Casserly, to be given possession of an undivided interest in the lands upon which the County Buildings now stand she began suit today to force the county to show its title to the premises.

It is claimed on the behalf of Mrs. Casserly that her husband obtained his title to the land by purchase. The land was originally given under grant from the King of Spain to the Peraltas family. The site of what was then known as the "Squatter" city of Oakland was sold by one of the Peraltas to Joseph Irving, John C. Hayes, John Caperton and V. De la Barra.

De la Barra sold his share which was one and one-half to Irving and Claud Jones. Jones got one-third of this one and one-half owned by De la Barra which he afterwards sold to Casserly. She asks \$20,000 for the rents and profits of this land and that the county let her into possession of it. The suit is brought by Attorney James Boyd.

### BOARD MEETINGS.

A regular meeting of the Board of Health is scheduled for tonight. The Board of Public Works and the Police and Fire Commissioners will meet at 4 p. m. today.

At the Fire Commissioners' meeting the matter of retirement of A. A. NEW YORK POLITICS.

NATHAN WESTON SPAULDING.

The betting in New York is in favor of Tammany success, but the betting odds are not always a correct gauge of public sentiment. It is rather early in the campaign for popular currents to begin to show their ultimate drift. Besides the situation is rather chaotic, owing to the peculiar developments of the last ten days. The Greater New York Democracy, which voted to endorse the fusion ticket, has been disrupted, and a large section of it has gone back into the Tammany fold. Edward M. Grout, the nominee for Comptroller, and Carl Fornes, the nominee for President of the Board of Aldermen, have been taken off the fusion ticket for accepting nominations from Tammany Hall. Both are Democrats, as are the new nominees.

Congressman George B. McClellan, the Tammany nominee for Mayor, is a son of General George B. McClellan, of Civil War fame. He is a strict organization man, and the way the wigwam forced his nomination despite the fierce protest of Hugh McLaughlin, the veteran boss of Kings County, shows the complete confidence Tammany has in winning. But this overweening confidence, and the arrogance resulting from it, may cause a reaction that will destroy Tammany's hopes.

Mayor Low's fight is confessedly harder than it was two years ago, but in some respects it is better organized. Notwithstanding District Attorney Jerome's strenuous opposition to Low's renomination, he is vigorously supporting the fusion ticket. The issue is somewhat clouded by the introduction of national politics, but the managers of the fusion campaign think they will be able to hold Tammany to the record. If the issue can be confined to the performance of the fusion administration Low ought to beat McClellan as easily as he did Sheppard two years ago.

But the betting starts out in favor of the Tammany candidate, whereas it started out two years ago strongly in favor of Low, and continued that way to the end. Because of the supposed hearing the New York City election has on the national campaign next year, the result is being watched with unusual interest in other parts of the country. Tammany is trying to make capital against Low on the ground that he is a friend of Roosevelt.

News from English sources in the Orient is of a wildly sensational character. There is evidently a rabid feeling against Russia among the British residents in China and Japan, and this bitter sentiment colors all the news sent out from English sources. The warlike statements are evidently prompted by a desire to see Japan declare war. The heads of the Japanese government are keeping cool, but the Japanese nation is thrilling with suppressed excitement. The army and navy are in perfect fighting trim, and if there should be war the fighting will be hard and fast. The massing of Russian troops on the Yalu river and the mobilizing of Russian warships in Korean waters indicate that Russia is apprehensive of Japan's intentions. However, the Japanese minister in London speaks contemptuously of the war rumors. Still, that may be for policy's sake. While the rumors count for little, the military movements of both nations count for much. There is evident danger of a clash.

**A SIGNIFICANT VOTE.**

The smallness of the vote by which the Geary-street proposition was rejected in San Francisco is significant. Less than one-third the qualified electors went to the polls. If every man who voted had cast his ballot against the proposition, the citizens who did not vote at all were rudely outnumbered to have carried it. Yet all the newspapers in the city have been vigorously debating the measure and urging the electors to get out and vote. What does the result imply? First, that the citizens of San Francisco are not yet ready to embark upon a scheme of municipal ownership of public utilities, and, second, that there is a great indifference among the mass of voters on the subject. The business men voted much more generally than the workmen, notwithstanding the official declarations of the labor unions. Had organized labor voted in accordance with the resolutions adopted by the various unions, the proposition would have carried. But the unions polled less than half their strength. Will these stay-at-home voters belonging to organized labor show the same independence on election day?

Balfour calls free trade an empty name. Workmen in this country have found it to mean an empty dinner pail.

Senator Hanna calls Tom Johnson a socialist. The description is incorrect. Tom Johnson is only a make-believe socialist.

The Sultan continues to find it more convenient to execute reformers than to execute reforms.

The activities of a long and useful life closed when Nathan W. Spaulding passed away. His mind was as unsharpened by adversity as it was unwarping by prosperity—he had known both, and his fortitude under the one brought out the finer traits of a character which showed its nobility when good fortune smiled by a generosity as free as it was unostentatious.

No truer or better epitaph of N. W. Spaulding could be written than that distress never appealed to him in vain, and that no movement having for its object the promotion of the public good or the sweetening of the humanities of life failed to find in him an earnest coadjutor. In whatever sphere or condition his lines were cast, there he labored for good citizenship, for good morals and for the betterment of the lot of mankind. He has fallen under the burden of years, but he has left among the living a memory that will long be cherished.

Mr. Spaulding was a prominent figure in the public and business life of California. He came here from Maine, his native State, in 1851, and engaged in mining, mill construction and lumbering, proving in many ways the versatility of his mechanical genius, and also his industry and business capacity. He had learned the trade of carpenter and millwright, and was an inventor of note. But he was the type of a man that is not content with a mechanic's wages and position. From an employee he soon became an employer, and in many pursuits exhibited his capacity to handle men and direct large enterprises.

He invented an improved type of saw, and established the Pacific Saw Manufacturing Works in San Francisco. He was twice Mayor of Oakland, was for several years Assistant United States Treasurer in San Francisco. At the time of his death he was a director of the Home for the Adult Blind and a trustee of the First Unitarian Church. Until recently he was one of the trustees of Stanford University, but resigned from the board that Mrs. Stanford might take a seat in it. He was an advanced Mason, and was an active worker in the ranks of Masonry, having held some of the highest offices in the order. In all the activities in which he engaged he exhibited the same keen intelligence and kindly, generous spirit.

In his later years Mr. Spaulding felt the touch of evil fortune because of unfortunate investments and unforeseen depressions in certain lines of industry, but his standing among men remained unimpaired, for he retained to the last the courage and gentleness of a man who never lost faith in himself or his fellow men. His riches took wings, but his character abode with him; always, and will keep his memory green among those he left behind.

A brave and kindly spirit took farewell of earth when Nathan W. Spaulding passed into the beyond. He died rich in years and respect, leaving a record for honorable striving.

## PRAYER BROUGHT HIM MONEY.

ROBBED AND FRIENDLESS, MANUEL BRUM REALIZES AN AL-LADIN'S DREAM.

CHICAGO, October 9.—Robbed in Boston of \$69, all that he had and interested for vagrancy in Chicago, Manuel Josef Brum of the Madeira Islands, had abandoned hope. Last night he learned through telegrams that his uncle, whom he set out to find three months ago, is a millionaire in San Jose, Cal.

Brum, whose mother owns a grocery in a small village in the Madeira Islands, started to find and

## WILL ORGANIZE A SERVANTS' GUILD.

NEW YORK, October 9.—Several women of wealth and social prominence here have started a movement for a "Servants' Guild," intended to benefit

both the sorely tried housekeeper and unappreciative maid. The head of the household will get for a moderate fee girls whose records have been investigated and who must behave or be barred forever from the privileges intended for them, occupying a comfortable club room and lectures and instruction on practical lines.

Both mistresses and maids must subscribe to certain rules and regulations, presumably for their joint benefit. The girls must be guaranteed their regular wages on evenings off and they must pledge among other things, to remain at least one month where they are placed, unless they should be discharged. For those who remain for one year in the places obtained for them by the Guild there will be various prizes, which will be increased on succeeding anniversaries.

The title of the new organization is The Women's Domestic Guild. The first work being done is in the registry department, getting names and investigating the references. Soon as possible a training school for servants will be established under the management of experienced housekeepers with competent chefs in the culinary department. There also will be a dress-makers' branch.

## CAMPBELL TELLS BOOK ON NEWS IN OF TRIP.

FORMER OAKLANDER DOING GOOD WORK IN HONOLULU. LUL J. MICHAEL DAVIT WRITES INTERESTINGLY ON JEWISH SOCIAL CONDITIONS.

The following appears in the Commercial Advertiser of Honolulu concerning Marston Campbell, a former resident of Oakland:

Marston Campbell, Assistant Superintendent of Public Works, returned on the Sonoma yesterday from a two months' vacation trip that took him to the principal cities of the East, where he spent much time in studying public utilities that will be of advantage to the Territory. He will be in the office getting in touch with the work under way, also paying a visit to the water from the afternoon in company with Mr. Howell, who has been acting in Mr. Campbell's place during his absence.

Mr. Campbell will make a report to Superintendent Cooper within a short time embodying the results of his investigations during his trip and especially such things as may be of help to the construction of the wharf system and other improvements contemplated under the Lower Act.

While ostensibly I was gone on a vacation, said Mr. Campbell yesterday, "at the request of Superintendent Cooper I have been making a study of the wharf system, sewerage, drainage, freight handling and other things of the kind, and especially the equipment of the Alameda Dock Co., which I consider one of the greatest plants in the United States."

I also gave some time and attention to the management of the Illinois Telephone Co., of which there are some forty miles. The most striking thing to me in Chicago was the absence of telegraph, telephone and electric poles in the business end of the city. Until this trip I have never been my fortune to see a city where the wires from wires and unsightly poles, this having been accomplished in the last few years.

From Chicago I went to New York where I devoted a large portion of my time to an investigation of dock construction, especially of the new Hudson docks and the two-story steel sheds of the Hamburg-American line, on which the company is expending four millions of dollars. The sheds are of a new type, extended every corner. These sheds and sheds are constructed in such manner as to be fire proof. They are completely fire proof, and are situated in New York Harbor. I also investigated the wharves and sheds of the American line.

In my investigation I gave special attention to the methods of loading and unloading the large ocean steamers. I was enabled to view the construction of the subway, the Brooklyn bridge and the North River tunnel by courtesy of Mr. F. J. engineering in charge.

I had the pleasure of meeting many prominent engineers of New York City having in charge the construction of various works, all of whom have assisted me in investigating these things of value in the improvements now in the hands of the Department of Public Works.

The great marvel to me of New York is not its magnificent public works, its buildings, its great bridges and its tunnels under the river, but its young men. It was my pleasure to meet the heads of large manufacturing concerns, their employees, contractors, and those interested and employed in the large public works, and to find that they were young men. The young men of New York is a dominant factor in public and professional life, especially those of my own profession.

"I spent some time with Mr. Rudolph Hering, who was the engineer who designed the sewer system of Honolulu. He seemed to be much gratified at the progress made in the construction of the system, and hoped that the government would soon be enabled to complete the same. He complimented the Department of Public Works on the method adopted for the care and inspection of the sewer system, and on the excellent results to that of any city in the United States."

"I gave more than special attention to the methods of handling coal in Honolulu harbor, and the methods of storage and from ship to the vessels. The present methods of handling coal in Honolulu harbor are crude and costly, and I believe it is the duty of the government, in the reconstruction of the wharf system, to supply its wharves with modern up-to-date machinery for this purpose. With the coming of the great trans-Pacific steamers and the transports, the question of coal handling and its cost will become of great importance."

"My vacation has been a delightful one and I return to work with the determination to resume my work with the Department."

"Dixie" at Elect in Wedding.

While the bells of Christ Episcopal Church, Brooklyn, chimed "Dixie" this evening Miss Agnes Rose Luna became the bride of James G. Rossman, of Atlanta, Georgia.

It was a "electric wedding" and this feature had been so well advertised that several thousand persons gathered outside the church. Nearly five thousand incandescent bulbs were used in illuminating the interior of the edifice.

Looked from the inside the rows of white and green lights. Hundreds of golden-tinged bulbs were arranged in the chandel and gave an effect of sunlight. The white and green steeple was a floral bell, which was studded with tiny white and green lights.

The bride was the former of Richard Mansfield's company, Mr. Rossman is an electrician and the manager of a summer amusement enterprise in Atlantic City, where he will live. New York Telegram to Baltimore Sun.

LIKE AN ELEVATOR.  
Food Sends One Up or Down.

NEW YORK, Oct. 9.—Fresh from a visit to the great centers of Jewish population in Russia, Michael Davitt has written his estimate of the conditions and future of those people in a volume entitled "Within the Pale," which will be issued tomorrow from the presses of A. S. Barnes & Company.

"The Jew, as he is ruled and oppressed by Russian officials, is a far greater danger to Russian autocracy than anti-Semitism is to the Israelites of the Pale," declares Mr. Davitt in the preface to his work. "The danger," he continues, "is a danger by no means confined to the representative Russians from whom I solicited light and information."

Mr. Davitt sees further catastrophe ahead because of unnatural economic and social conditions. "The facts of the economic and social condition within the Pale of settlement," he writes, "are so objective that the warning they give of a coming catastrophe cannot be ignored."

It would be like leaving an epidemic of smallpox to take its course. The condition of things is fully explained and expressed by the term unnatural. It is analogous to a situation which would result from a federal law compelling every European-born artisan and laborer within the whole United States to reside inside of Pennsylvania and to be forbidden to seek employment outside the cities and towns of that State.

Mr. Davitt asserts that the Czar can accomplish much for the Jews in his domain by destroying the legend of the blood atonement. "M. de Flehve and the Tsar," he says, "can accomplish one good and blessed work, if so minded, without altering a single anti-Semitic Russian law. The Emperor can destroy in Russia, the atrocious legend about the annual killing of Christian children by Jews as an alleged part of the blood atonement in Hebrew ritual, and in the meantime, Christians and Jews are out of all proportion to the producers and consumers of an agricultural country, they necessarily become more destitute and wretched as their numbers increase. They are too poor to emigrate. They are prohibited from migrating. They can not seek work on land. They are not permitted to engage in several occupations."

**THE HARBOR COMMISSIONERS** met yesterday to arrange for the accommodation of the new ferry which will be operated in Alameda between this city and Oakland. President Spear, Commissioner McKenzie and W. H. Davis, attorney of the board, were present.

Superintendent Palmer and Jere Burke represented the Southern Pacific Company. Captain Eason and Superintendent of Wharves Walker were present from the Santa Fe Company, and President F. M. Smith and P. C. Havens of the Oakland, San Francisco and San Jose Railway Company were there to look after the interests of the new ferry company.

The way to the harbor before any conclusion was reached as neither the Santa Fe nor the Southern Pacific seemed inclined to give up any of the city and new ones advertised for this brought forth a vigorous protest from Mr. McMullin of the building company. Finally as the matter was a new one to the Mayor, he asked that it be carried over until Saturday afternoon, so a recess was taken until then.

# CANNING HOWE NOT A BID WAS RECEIVED.

ROOF IS BURNED AND MUCH DAMAGE DONE BY WATER.

An alarm of fire called out the department about 11 o'clock today for a destructive blaze in the large and handsomely furnished residence of Mrs. Mary Canning at 554 Sixteenth street. The entire roof was burned before the blaze was gotten under control.

The fire caught in the attic from some cause unknown but probably through a defect in the chimney. Considerable damage was done by water.

Mrs. Canning, who suffers greatly from rheumatism, had just returned from a drive and had been helped into the house when the coachman, who had driven around to the barn, discovered the blaze, gave the people in the house warning, turned in an alarm and assisted in carrying the lady out.

The loss to building and contents is estimated at \$2500, fully covered by insurance in the North America Insurance Company and the Pennsylvania Fire Insurance Company.

The whole upper surface of the house remains exposed to the weather. The fire department being without tarpaulins to cover it and the rain is trickling through, adding to the water damage.

Mr. Agnew of 422 Tenth street, Oakland, representative for one of the companies, has telephoned the San Francisco office the facts and asked them to send over something to properly cover the ceiling, or a representative to arrange for removal and storage of the valuable furniture and costly pictures.

HAYWARDS, October 9.—The regular semi-monthly session of the board of trustees was held Wednesday evening. The proposition to build a culvert on Fourth street and the Winton road was referred to the Street Committee.

Town Clerk John Obermuller reported that no bids had been received for the job of cutting down A street hill. It is believed that at the next meeting of the board, the plans will be modified and the street will be graded for a distance of four blocks north of Castro street. The dirt taken from the hill would be used, he explained, in raising the street at the upper end. So the trustees decided to have the whole street graded. It is not believed that the work can be done for much less than \$15,000.

The property owners along the street have expressed an aversion to paying out so much money for improvements. Contractors are therefore afraid to undertake the work for fear of litigation and delays in payment.

Trustee Matthew Peterson addressed the board on the subject of street lighting. He desired to know why Haywards was paying more for the service than San Leandro. The clerk was instructed to communicate with the superintendent of the lighting company and request him to attend to the meeting of the board to talk over the matter.

**FINISHED CONTRACT.**

Contractor Peter Hoare has finished the concrete work on the addition to the culvert over the San Lorenzo creek on Castro street. Next week he will commence the concrete foundation for the new school house on C street.

**ALL SAINTS FAIR.**

Hundreds of people visited the Catholic fair in the opera house last night. The girls drill, under the direction of Miss Carolyn Brandon, was the principal feature of the evening's program, and showed considerable skill and grace.

**BOARD OF TRADE WEDNESDAY.**

The next meeting of the Board of Trade will be held Wednesday evening, October 14, in the quarters on Castro street.

**REORGANIZE TENNIS CLUB.**

Plans are now on foot for the reorganization of the Haywards Tennis Club. It is understood that the club will soon make its headquarters at the court adjoining the Ryker residence.

**PERSONAL.**

R. Reid, the local druggist, has gone to Seattle for a week's vacation, with the hope of improving his health. Charles Heyer, of Castro street, was in Oakland yesterday on business.

**COMMITTEES ARE SELECTED.**

The formal order in the matter of the Alameda Board of Trade against the City Trustees of Alameda to attempt to restrain the trustees from granting certain franchises to the Southern Pacific Railroad was made by Judge Greene this morning in favor of the board. The order was made after the board had confessed that it was unable to further amend its petition for a permanent writ of injunction under the ruling of the Court in regard to the matter.

The Board of Trade asked the Court for a writ to keep the trustees of the city from granting franchises to the railway until such time as the matter had first been submitted to the citizens at an election for their approval or disapproval under ordinance 210 of the city's laws. The matter was argued at length before the judge last week and while he made a verbal ruling upon the matter at the time, he said that he would grant the order under the ruling of the Court in regard to the matter.

**FRUITVALE WOMEN ARRANGING FOR HOLIDAY SALE OF FANCY GOODS.**

FRUITVALE, October 9.—The women of the Fruitvale Congregational chapel for many weeks past have been preparing for the bazaar and fair to be given in the church on Saturday, November 14, 20 and 21. Booths will be ranged around the room for the sale of various articles, most of which were made by the women. There will be no game of chance, everything will be sold as a regular store.

**NEW CULTURE.**

**MASONS TOMORROW NIGHT.**

The members of the local lodge of Masons will entertain the officers of the Grand Lodge tomorrow evening with an entertainment and banquet. The affair will take place in the lodge hall on the corner of East Fourteenth street and Fruitvale avenue.

**REV. MILLS PLANS TO GO AWAY.**

Rev. Benjamin Fay Mills will deliver his farewell sermon next Sunday morning at 10:45 o'clock. Mr. Mills has received invitations to take charge of great religious enterprises in three cities—Chicago, Brooklyn and Boston—and has numerous invitations to deliver courses of addresses in cities, both East and West.

**Before coming to a decision as to his permanent location he has accepted an invitation to deliver a course of lectures in Southern California, and will give the first of these at San Diego next Tuesday.**

Mr. Mills is in the city and will be leaving here on the Owl at 5:30 o'clock on Sunday afternoon, and on that account the church has arranged to have a farewell gathering in Wendell Hall at 8 o'clock Sunday afternoon, from which Mr. Mills will go directly to his train.

# RAN AWAY FROM HOME. CONVICTS APPEAR IN COURT.

CASTRO VALLEY LAD HAS BEEN MISSING FOR A FORT-NIGHT.

SAN LEANDRO, October 9.—Alexander Joy, a sixteen-year-old boy, ran away from the school in Castro Valley near his home on September 25th last, and his whereabouts are unknown. That night and the next day he stopped at the San Leandro Hotel, on the corner of Estudillo and Haywards avenues. Then he left for parts unknown and has not been heard from since. His father, who is an engineer on a Sacramento river boat, notified Marshal James Ramage, of Haywards, and that officer has been on the lookout for the runaway.

**NEW CULTURE.**

A new wood culvert has been constructed on the south side of Graywinds avenue at the Castro street crossing. The culvert is now open for traffic.

**JENSEN AUCTION TOMORROW.**

The personal property of Jacob Jensen in Palomares Canyon, consisting of horses, cattle and farming implements, will be sold by auctioneer J. E. Geary Saturday.

**FELL IN A FIT.**

While in an epileptic fit Andrew Nelson, an aged resident of this place, fell on the sidewalk in front of the postoffice yesterday afternoon, sustaining a severe cut over the left eye. G. Baxley, who was passing at the time, dressed his head.

**CONVENTION OPENS MONDAY.**

The grand lodge of the Portuguese Union of California will open its week session in the F. E. C. hall Monday. Town Clerk L. J. Martin is a prominent member of the grand lodge.

**PERSONAL.**

Dr. J. P. Torrey and Marshal M. Gelsenhofer were in Oakland yesterday. Paul V. Garvin, of Hayward, was in Oakland yesterday on business.

**DIATH OF FRUITVALE WOMAN.**

Mrs. Mary A. Nowdwa died Wednesday at her home in upper Fruitvale at the age of 65 years. She was a native of Kentucky. The deceased was survived by seven children, Jacob B. Joseph B. Jerry B. and Sadie Nowdwa, Mrs. Carl B. Nowdwa, Lou Ross and Mrs. Pearl Keyser.

**MASONS TOMORROW NIGHT.**

The members of the local lodge of Masons will entertain the officers of the Grand Lodge tomorrow evening with an entertainment and banquet. The affair will take place in the lodge hall on the corner of East Fourteenth street and Fruitvale avenue.

**REV. MILLS PLANS TO GO AWAY.**

Rev. Benjamin Fay Mills will deliver his farewell sermon next Sunday morning at 10:45 o'clock. Mr. Mills has received invitations to take charge of great religious enterprises in three cities—Chicago, Brooklyn and Boston—and has numerous invitations to deliver courses of addresses in cities, both East and West.

**Before coming to a decision as to his permanent location he has accepted an invitation to deliver a course of lectures in Southern California, and will give the first of these at San Diego next Tuesday.**

Mr. Mills is in the city and will be leaving here on the Owl at 5:30 o'clock on Sunday afternoon, and on that account the church has arranged to have a farewell gathering in Wendell Hall at 8 o'clock Sunday afternoon, from which Mr. Mills will go directly to his train.

**Charles Butler Home.**

Charles H. Butler, the grain merchant, returned this morning from a business trip to Los Angeles. He says Los Angeles is booming.

**SHIP BREAKING UP.**

SAN FRANCISCO, Oct. 9.—It is thought the storm today will end all chance of saving the British bark Gifford. For two days it has been to rough to get near the wreck and today the bulk is surrounded with a raging surf. The surf at times was higher than the foreyard. The sea tore the rigging to pieces, carrying away one yard after another, and even loosening the mizzenmast.

# "MOTHER WHAT SHALL I PLEAD."

PATHEIC CASE IS HEARD IN THE POLICE COURT.

The case of Elizabeth Armstrong, arrested in Vallejo a few days ago by Officer McKeehan on complaint of her mother, who resides at 833 Kirkham street, and booked yesterday for vagrancy, develops a sad case of ruin and waywardness.

**ELIZABETH, WHO WAS BUT 16 YEARS OLD ON THE 6TH OF LAST MONTH, DATES HER DOWNFALL TWO YEARS AGO, BUT INSISTS THAT UNTIL A FEW MONTHS AGO SHE HAD BEEN LIVING CORRECTLY. THINGS WERE NOT EXACTLY PLEASANT FOR HER AT HOME, SHE STATES, AND SHE BEGAN TO GO OUT AND GOT INTO COMPANY THAT DID HER NO GOOD. SHE CHARGES THAT ONE FRED ANDERSON INDUCED HER TO LEAVE HOME WITH HIM AND THAT SHE WENT TO SAN FRANCISCO ON AUGUST 4 WHERE SHE LIVED ALONE FOR A WHILE, EXCEPT FOR VISITS FROM HIM, AND THAT HE FINALLY INDUCED HER TO GO TO VALLEJO AND INTO THE HOUSE FROM WHICH SHE WAS TAKEN. SHE ALSO SAYS ANDERSON MADE HER ALL KINDS OF FAL PROMISES, EVEN TO MARRYING HER, BEFORE SHE WAS PERSUADED TO GO AWAY WITH HIM.**

Her mother and a sister were in the court room this morning when the case was called and when Elizabeth was asked to plead she appealed to the mother, asking what it should be. The mother responded: "You know what you have done, my daughter, and must make your own plea."

**THE GIRL THEN PLEADED GUILTY. ALTHOUGH SHE HAS GONE SADLY STRAY, SHE DOES NOT APPEAR TO BE HARDENED AND HER HEARTFUL STORY TOLD IN AN UNDERTONE TO THE JUDGE AND PROSECUTING ATTORNEY EXCITED THE SYMPATHY FOR HERSELF AND COMPENSATION FOR THOSE WHO HAD MADE HER VICTIM.**

The matter was continued until the 12th inst. It is probable the girl will be sent to Whittier.

**WOMEN'S RIGHTS IN FRANCE.**

Reluctantly and only recently France admitted women to the professions of teaching and medicine. Now, after a long struggle, carried on by a political party known as the Feminists, they have been permitted to enter law and to plead at the bar.

**IN THIS PARTICULAR FRANCE IS FAR BEHIND OTHER COUNTRIES. IN SWEDEN FOR YEARS PAST ALL PROFESSIONS HAVE BEEN OPEN TO WOMEN. IN DENMARK, DENMARK AND CANADA, IMPORTANT GOVERNMENT POSITIONS HAVE BEEN GIVEN TO WOMEN. IN OUR OWN COUNTRY THEY WERE ADMITTED TO THE PRACTICE OF LAW TWENTY-FIVE YEARS AGO.**

Another important victory gained by the Feminists this summer was signalized by the appointment of a woman to the post of gynecologist in a Montpelier hospital. Until now, although women students were admitted to the hospital and allowed to take their diplomas, they were never allowed to occupy official positions. — Philadelphia Ledger.

**FOR THE FIRST TIME IN FIFTEEN YEARS THE MARCHIONESS DE MORAES IS AT HER OLD HOME IN NEW YORK. SHE IS THE DAUGHTER OF A. L. VAN HOFFMAN, A WALL STREET BROKER, AND MARRIED THE ADVENTURER, FRENCH MARQUIS DE MORAES, IN 1883. FOR SEVERAL YEARS PAST SHE HAS DEVOTED ALL HER ENERGIES TO THE PURSUIT OF THE BEDOUIN WHO MURDERED HER HUSBAND IN TUNIS, AND HAVING SECURED THEIR PUNISHMENT HAS RETURNED TO HER NATIVE LAND TO LEAD A QUIET LIFE.**

**POOR OLD WOMAN.**

Rose Gohel, aged and infirm, was up this morning for vagrancy. She said she had been in the County Reformatory and wanted to be returned there so her case was continued until the 12th inst. In order that Supervisor Kelley might be requested to provide for her care, by the county.

# FILING CABINET ARRIVES.

EMERYVILLE'S NEW VAULT IS NOW COMPLETED AND IN OPERATION.

EMERYVILLE, October 9.—The combination vault and filing cabinet which Emeryville has awaited for several months has finally been completely installed. The filing cabinet is of modern design and is especially made for keeping an accurate account of tax collections. It will prove a welcome addition to the present office facilities.

Emeryville has had a hard time getting this cabinet and vault. First the contractors could not get the vault originally specified so put an inferior one to temporarily take its place. About a month ago the new vault was arrived and was put promptly in place at the Town Hall. The filing cabinet, however, did not arrive until this week, and work on installing it was only completed Wednesday.

**MARSHAL LANE OUT.**

Marshal Lane has sufficiently recovered from his recent illness to be able to assume his official duties at the Hall. Mr. Lane still feels very weak and probably will not regain his former strength for several months.

**GOLDEN WEDDING.**

The fiftieth anniversary celebration of Mr. and Mrs. H. A. Randlett's wedding was well attended yesterday at a home on business in the Oakland park.

**SMITH'S EXCURSION.**

Tomorrow afternoon Mrs. F. M. Smith will take a party of eight. We are on the brig Helvetia II. Please send help in the name of God.

No record of the Helvetia II can be found.

**BURIED IN ST. MARY'S.**

Agnes Keheres, aged 23, Mary J. Fontana, aged 26, and Martin Sears, killed in a railroad accident in Chatsworth Park in the southern part of the State on the 5th inst., were all interred in St. Mary's cemetery today.

**NOTE IN A BOTTLE.**

NEW YORK, October 9.—If a note which has been found on the beach at New Rochelle, N. Y., is genuine the bottle which held it had floated thousands of miles from the Pacific Ocean where it was thrown into the sea more than a year ago by some shipwrecked sailors.

The note said:

"Shipwrecked on Island 21 July 1892, South Pacific Ocean, neighborhood of 13-15 degrees from Fiji Islands. Whoever finds this document please send relief to party of eight. We are on the brig Helvetia II. Please send help in the name of

CAPTAIN PETERSON ANSWERS  
THE CHARGES OF MAUD  
KRIEGER.

BRIDEGROOM FALLS IN FRONT OF  
AN ENGINE AND IS CUT TO  
PIECES.

Judge A. L. Frick appeared in the Police Court this morning and waived reading of the complaint in the cases of Maud Krieger, Edith Taylor, Effie Wendell, Bessie La Verne, Nonce Graham and Lily Walker, arrested Wednesday night in a sixth-street resort for noisy and unseemly conduct and booked for violation of ordinance. Upon his request the cases went over until Tuesday to plead.

Maud Krieger is charged as keeper of the place and the others as inmates. Concerning the report published last evening in one of the local papers that Maud Krieger alleged she had lost \$200 at the City Prison immediately after being booked and intimating that some one connected with was responsible for its disappearance, the following signed statement is made by Captain W. J. Peterson, who is in charge of the receiving office at night:

In relation to the matter of the arrest of Maud Krieger, the proprietor of the Elbe House on Sixth street, I have this report to make:

Maud Krieger, Edith Taylor, Effie Wendell, Bessie La Verne, Nonce Graham and Lily Walker were arrested on Wednesday, October 7 at 8:10 p. m. by Sergeant Green, and Officers Clark, and Andrews. The women were charged with violating Ordinance No. 1144.

"Ball was furnished by Maud Krieger in the sum of \$40, and Effie Wendell, Bessie La Verne, Nonce Graham and Lily Walker were released.

"The matron was called and Edith Taylor was searched and the sum of \$3.50 was found on her. Maud Krieger was searched and \$5.70 was found on her. About twenty minutes after Maud Krieger was released, a woman came to the station and said she had lost a purse that contained a fifty-dollar note, two five-dollar gold pieces and a check. She said she had had the purse concealed in the bosom of her dress and that the matron had not found it.

"I questioned the matron about the matter Thursday evening, and she was positive that Maud Krieger did not have the purse in question on her person when she was brought into the City Prison. Jailor Henderson, who was on duty at the time the woman was released, reports that he did not see a purse on Maud Krieger at any time.

"It appears that Miss Krieger's loss in the prison was not very probable. She put up bail for four of the girls at \$2 each and had to send out for the rest of the money to bail out herself and Edith Taylor. The bail for the Taylor woman was \$40, and if Miss Krieger had the amount in her purse, would she have sent out for that amount? Why did she not discover her loss before she left the prison?

"Pat Harrington brought \$100 for the Krieger woman, and Manuel Perrella furnished \$50 for the release of Edith Taylor.

"From the investigation I have made in the matter, I am convinced that if Maud Krieger lost her purse at all, she did not lose it in the City Prison. Very respectfully,

W. J. PETERSEN, Captain of Police.

## U. C. MEN WILL HAVE A FARM.

SAN JOSE, Oct. 9.—A government experimental station is about to be established on the farm of B. Distel, near Mountain View, this county. This was determined upon a week ago by Professor Hussman of the Department of Agriculture. Ten acres of land will be converted into an experimental vineyard for the purpose of testing all kinds of resistant stock and all varieties of wine grapes with a view of ascertaining what particular resistant is especially adapted to the soil and climate of Santa Clara valley.

Some sixty-four varieties of resistant will be experimented with and thousands of seedlings will be grown.

## GIRLS IN A RUSH.

TOPEKA, Kas., Oct. 9.—On the big stage of the Washburn college chapel, in front of an audience of 600 people, there was a fierce color fight between the girls of the freshmen and sophomore classes in which thirty-five sophomore girls tried to "rush" forty freshmen girls off the platform. The freshmen girls were turned, the president's chair was smashed to pieces, clothes were torn, hats were lost and eyes blackened in the fierce rough and tumble fight.

The occasion was the annual class rush and the girls of the rival classes had been trying for an hour to yell each other down from the tops of the chapel seats. Suddenly one of the freshmen girls appeared on the platform waving the rival class colors. Then the clash came. It was at least twenty minutes before the faculty could separate the two bands and restore peace.

THE VERY BEST KIND OF UNDERSTANDING IS FEET WHICH GIVE YOU NO THOUGHT. WHAT IS MORE ANNOYING THAN TO THE UPPER UNDERSTANDING THAN TO HAVE FEET WHICH ARE CRAMPED, UPON WHICH CORNS GROW AS REGULARLY AS WEEDS IN SAN FRANCISCO GUTTERS, WHICH ARE BURNING, ACHING AND GIVING TORTURE EVERY MOMENT?

## Good Understanding

THERE IS A CLOSE CONNECTION BETWEEN THE TWO UNDERSTANDINGS, AND WE UNDERSTAND IT THOROUGHLY. WE HAVE STUDIED IT FOR YEARS. THE BENEFIT OF THIS EXPERIENCE GOES WITH EVERY PAIR OF SHOES SOLD IN THE MESMER-SMITH STORE. WE ALWAYS TAKE TIME TO FIT SHOES. ONE PAIR OF SHOES THAT ARE PERFECTLY SATISFACTORY IS BETTER BUSINESS FOR US THAN TWO PAIRS THAT ARE NOT. WE SHALL BE HIRE WHEN THE NEXT PAIR OF SHOES SHALL BE REQUIRED AND WE WANT TO SELL THEM.

We have over a hundred styles of \$3.00 shoes for ladies, men and misses any of which is superior in any point to those expensively and extensively advertised elsewhere at \$3.50 with fancy names.
